

SERIES 2000 SEALED COVER KIT P/N 250062041

INSTALLATION GUIDE

The MEI Series 2000 Sealed Cover provides added protection for the Series 2000 Bill Acceptor from water ingress through the top of the unit. The Kits consist of the following:

Kit - 250062041

- > Sealed Cover (Part Number - 250026087)
- > Harness Cover (Part Number - 250023134)
- > Install Guide (Part Number - 250054079)

PROCEDURE

If the Series 2000 Bill Acceptor is installed:

1. Remove power to the Series 2000.
2. Disconnect all harness to the Series 2000.
3. Remove unit from mounting plate.

Remove the existing control board cover:

1. Remove Label shown in Figure 1 to ensure the proper suction upon installation. Note: Earlier models may not have this label.
2. Pushing in on the control board cover then pushing up, as shown in Figure 1 and Figure 2.
